NEWS RELEASE

**PACIFIC ENERGY RESOURCES LTD.
SETS OFFERING PRICE OF PRIVATE PLACEMENT**

Long Beach, California, September 10, 2007 – Pacific Energy Resources Ltd. (TSX: PFE, PFE.S) (the “*Corporation*”) announces that further to its news release of August 21, 2007, the Corporation has set the offering price for its private placement. Accordingly the Corporation proposes to sell up to 33,333,334 shares of common stock at CAD\$2.25 per share for total gross proceeds of up to CAD\$75,000,000.

Octagon Capital Corporation, D&D Securities Company and Wellington West Capital Markets Inc. are acting as agents of the Corporation with respect to the offering. The Corporation will pay a commission in the amount of 6% of the total proceeds raised. In addition, the Corporation will issue compensation options equal to 2.5% of the number of common shares sold pursuant to the offering, each of which will entitle the holder to acquire one common stock for two years at a price equal to the market price of the Corporation’s shares at the time of closing.

The private placement proceeds will be used to fund part of the costs associated with the acquisition of the offshore producing Alaskan assets of Forest Oil Corporation (see news release of August 27, 2007), to fund exploration and development activities for the Corporation's offshore and onshore properties and for general working capital and business purposes.

The price per share and the total number of possible shares to be issued under this transaction requires that the Corporation obtain approval from stockholders holding 51% of the issued shares of the Corporation in accordance with TSX policies. While this approval would normally require a stockholder’s meeting to obtain stockholder approval, the Corporation is availing itself of the exemption in 604(d) of the TSX Company Manual to allow it to obtain the written consent of stockholders holding a majority of the shares of the Corporation. The Corporation is in the process of collecting executed consent forms from stockholders in order to obtain the requisite approval to the above offering price and share issuances.

The above transactions are also subject to final regulatory approval. All securities issued with respect to the above transactions will be subject to resale restrictions as required under applicable U.S. and Canadian securities laws.

The securities proposed to be offered in the private placement have not been registered under the U.S. Securities Act of 1933, as amended, and may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements. The Corporation has agreed to use its reasonable best efforts to file a resale registration statement with the U.S. Securities and Exchange Commission. If the registration statement is not filed or declared effective within specified time periods, or if it ceases to be effective after the expiration of certain grace periods, the Corporation will be required to issue to the purchasers additional shares of common stock.

This press release shall not constitute an offer to sell or the solicitation of an offer to buy any securities, nor shall there be any sale of the securities in any state or other jurisdiction in which such offer, solicitation or sale would be unlawful.
